Why walk

- People were built to walk.
- It's easy and almost everyone can do it.
- The more you walk the better it is for you.
- It's fun to include family and friends.
- Walking is a safe, easy way to get fit and stay fit.

Physical activity guidelines

The US Centers for Disease Control and Prevention recommends 2 hours and 30 minutes [150 minutes] of moderate-intensity aerobic activity [e.g., brisk walking] every week for adults.

How many calories are burned walking one mile?

On average an individual burns 100 calories per mile (20 minutes of walking). This will vary depending on the individual's weight, speed walked, length of time walked, terrain, etc.

Start with a short walk

Walk [10 -15 minutes] and build up slowly. Add 5 minutes to your walk each week. Keep building up until you can walk 30 minutes or longer 5 or more days a week.

Build stronger families and communities

- Get to know your neighborhood and get healthy.
- Walk at lunchtime, or after dinner.
- Doing your errands by foot supports local businesses.
- Walkers make neighborhoods friendly and safe.

Have a problem on your street?

Call the Mayor's 24 Hour Hotline: 617.635.4500, or go to www.cityofboston.gov/online_services and click on 'Transportation, Streets & Sidewalks' to report unsafe sidewalks, traffic and parking problems.

Faneuil Housing neighborhood

Faneuil Housing is located in one of Boston's liveliest neighborhoods. In Brighton, you can cover a lot of distance by walking just a few minutes. During a round trip of 20-30 minutes, you'll get the health benefits of walking one full mile while enjoying the area!

The streets of Brighton are mostly flat and good for walking. Streets were not laid out in a grid pattern, making it interesting to travel through the neighborhood.

The walks in this brochure lead to the Charles River and the Riverpath network, Brighton Center, and Rogers Park
